

1st Sunningdale Scouts
A.G.M Report 2010

Since I came back to scouts in September we now have an increased group that runs to four patrols around 23 scouts and counting.

In the last term I took nine scouts to do their outdoor badge at Bently copse campsite in the surrey hills. We ran the coconut shy at the carnival which raised enough money to pay for a camp at Bears Rails in the Great Park no badges but great team work to bring the thirty foot tree back to camp to chop up and BURN. This was also a great year for winter camp freezing cold loads of snow and being interviewed by the various T.V and press, "no trains, no work, but the scouts still go on camp".

The Scout Christmas dinner was a great success and well done to the lads for preparing and cooking nearly 50 meals for their parents on an open fire.

This new term two new leaders have stepped forward John and Lee this is a great help and we can start planning longer term for the scouts.

Thanks to Doug for helping run scouts with me and the rest of the committee and I will be sorry to see my old accounts and treasurer friend go I hope the next one is as understanding.
